CWL Regular Meeting

The regular C.W.L. meeting was held Nov. 7th at the rectory with director Father Scriven and 18 members present. Betty Wetherham resigned from the presidency and Mrs. H. Braniski past vice-president is the new president. The delegates who attended the convention held in Edmonton were Mrs. R. McGregor, Mrs. D. Meray, Mrs. J. Shanty, Mrs. H. Vargoules and Mrs. K. Peterson.

An interesting article was read by our spiritual co-presenter Mrs. P. Nebo which was enjoyed by all. Father Scriven gave a talk on the mission to begin next Sunday. All parishioners are urged to attend and bring their friends.

Plans are underway for a tea and bazaar sale with a food hamper raffle to be held on Dec. 9, from 2 to 5 p.m. in the scout hall.

Hospital visitors for this month will be Mrs. P. Nebo and Mrs. J. Shanty and for Dec. Mrs. K. Peterson and Mrs. H. Vargoules.

After the meeting lunch was served by Mrs. O. Trudell, Mrs. C. Dion and Mrs. Shybel.

The class for smallest pointer at the Royal International Horse Show at London recently is dominated by Welsh and Dorrshire ponies.

Vol. 8 No. 46 November 17, 1960. A. Playford, Publisher. Box 130, Drayton Valley.

GRIGORPOULOS INQUEST

An inquisition for our Sovereign Lady, the Queen, at Drayton Valley Town Hall on the 10th day of November 1960, before Dr. Brooks one of the Coroners of the said Sovereign Lady the Queen for the Province of Alberta, on view of the body of Sokratis Anthony Grigoropoulos then and there lying dead, the undersigned, good and lawful men, being duly sworn and charged to enquire for our said Lady, the Queen where how and by what means the said Sokratis Anthony Grigoropoulos came to his death, do upon their oath say: The jury find that Mr. Grigoropoulos came to his death October 28, 1960 in the road going from Lodgepole to the Kananaskis dam at approximately six miles south of Lodgepole, due to an accident between his own car and a truck owned by Calgary Power, and that the means of his death was due to serious head injuries received in this accident.

We recommend that all towing vehicles turn on their signal lights to indicate that there is a vehicle under tow and to draw attention of oncoming traffic. Jack Fallis, Lou Matlock, Ralph Boles, Mike Molner, Les Bannard, William Davies, Jury.

CALGARY POWER ELECTRICAL FAIR

The Electrical Cooking School conducted by Calgary Power the afternoon of November 9th, in the Elementary School Auditorium and the Electrical Show, also conducted by Calgary Power in the evening were very well attended by residents of the community and held the interest of all those who attended. In the afternoon cooking school "Fashions in Food" about 150 ladies were present to witness the demonstration put on by Miss Bette Purves, B.Sc.

Colli. Adequate wiring was the theme for the first part of the evening performance. The second phase was headed "Adventures in Sound" and included demonstrations of the transmission of sound by light waves and by micro wave.

Among the Electrical magic shown was the "Mighty Magnet" and Tesla Coil in which 15,000 volts, at a frequency of 200,000 cycles jumped from the coil to two fluorescent light cylinders held in the hands of the operator to light them and make them glow. Also demonstrated was Cont. on page 10 Col. 3

LEGION REMEMBRANCE PARADE

Photo by Curt's Studio.

The revitalized Drayton Valley Legion staged a fine Remembrance Day parade on the morning of November 11th, followed by a Memorial service in the Elks Hall.

The Parade was headed by Commissionaire G. Hogg of the V.C.N. as Parade Marshal. Im-

mediately behind the parade marched followed R.C.M.P. Corporal Wilson and Constable Wessell, followed by members of B.B.S.L. Canadian Legion. Next in order was the Ladies Auxiliary of the Drayton Valley Canadian Legion, followed by Regatta Dr. L. Waugh and Drummer Rex Burrows, Members of the Boy Scout troop

brought up the rear. The group paraded from the Legion Hall to the Elks Community Hall for the Memorial Service

Following the singing of "O Canada" time. It now takes the jazz prayer was offered by the Reverend R. Brown, of the Anglican Church same journey.

Mrs. Muriel Boles, president of Cont. on page 3 Col. 3

District Personalities

MAURICE R. McCULLAGH

Maurice "Mac" McCullagh was born near Biggar, Sask. He attended elementary and high school in Calgary. He went to the high school of which Mr. Abernethy, originator of the Social Credit movement and first Social Credit Premier was the principal.

In 1937 his mother and he moved to the farm at Rocky Rapids. McCullagh joined the Air Force in 1940. He served in the air force as both pilot and navigator, and saw action in many parts of the world in Bomber Command and in the Ferrying Command. He was given the rank of Flight Lieutenant, and in 1945 was awarded the Distinguished Flying Cross.

Based in England, he took part in many of the famous bombing raids over Germany, flying Lancaster and Wellington bombers. After chalking up a certain number of air raids in the Bomber Command the flyers were given a while to "recuperate" in the Ferrying Command, so in 1941 P/O McCullagh was stationed in Montreal flying U.S. made Lockheed Hudson bombers from Montreal to Gander to Port of Spain, a distance of some 3400 nautical miles. The flights took eleven hours at that time. It now takes the jet about three hours to make the same journey.

He was later stationed on the B-

Photo by Curt's Studio
land of Malta and took part in bombing raids over Italy and North Africa. In a four month period there were over 1000 enemy bombing raids on Malta and with the blockade by the Italian Navy, it became impossible to keep the bombers in flying condition on Malta so they were moved out to Egypt. Later McCullagh was again assigned to the Ferrying Command, flying planes, which were delivered by boat to Sierra Leone, from the Sierra Leone port to Egypt.

In the course of his many bombing raids and ferrying flights P/O McCullagh came through remarkably well. He still carries a flak scar up the full length of his back where a flak fragment came through the belly of the plane, ripped up his back inside of his parachute harness, went through the roof of the plane and vanished into the wild blue yonder, leaving its mark on McCullagh's back as it passed. He says he had been sitting just a couple of inches further back he would have had it that time.

Later in 1943 he was returned from active duty and returned to Calgary where he was flight instructor in the R.C.A.F. base. He instructed in the flying of both single and twin engine planes.

At the end of the war McCullagh went into the construction business. Operating heavy construction equipment all over Alberta, from seismic trails at Keg River in Cont. on page 3 Col. 3

RED CROSS FUND DRIVE
SATURDAY NOVEMBER 19th

WANT ADS!

FOR SALE

ONE LEFT: Immediate possession Brand Spanking new Bungalow - Full basement, completely finished. May consider clear title trailer as part down payment and some cash. Its cold out side --- but it's warm in one of Durn and Peterson custom built homes. See Albert Peterson at the building site.

TEEN TOWN MEMBERS TO CONDUCT RED CROSS FUND DRIVE

Members of the Drayton Valley Teen Town will conduct the fund raising drive for the Red Cross this coming Saturday November 16th.

Members of the group will take sections of the town and will canvass for Red Cross funds.

It is several years since a campaign of this kind in behalf of the Red Cross was conducted in this area and it is hoped the young folks will find a ready response when they call at the door of all Drayton Valley town residents.

Red Cross is a service that serves not only Canada, but the entire world. And the many services the Red Cross renders - those in need are a Blood Transfusion Service. In 1960 Canadian Red Cross Blood Transfusion Service will require 500,000 bottles of blood to meet the demands of Canadian hospitals for transfusion therapy to more than 200,000 patients.

Red Cross also provides Veterans Services to help out the war-ridden life of the hospitalized veterans. Men and women who served their country in the past war will always have the assurance

Red Cross also conducts a

CUMMINGS INQUEST

An Inquisition for our Sovereign Lady the Queen, at Evansburg Legion Hall, on the 5th day of November, 1980, before Dr. Brookes, one of the Coroners for our said Sovereign Lady, the Queen, for the Province of Alberta, on view of the body of Larry Cummings, then and there lying dead, the undersigned, good and Lawful man being duly sworn and charged to enquire for our said Lady the Queen, where, how and by what means the said Mr. Cummings came to his death, do upon their oath say:

Larry Cummings came to his death October 26 at approximately 3 p.m. at the ranch of the Pembina River Construction Company, 1/2 miles north of the Lake Isle Store, instant eight foot deep ditch being constructed for a waterline. Death was caused by asphyxia and heavy bleeding into the chest. The compression was caused by a heavy weight of earth from a cave-in of the ditch. Larry Cummings had gone into the ditch to repair a broken stand pipe contrary to the instructions of the foreman.

It is unfortunate that proper supervision by either the foreman or an experienced and older pro-

employee was not available at the time of the emergency so that either proper precautions in respecting the line could have been taken or that rescue work could have been undertaken at once.

RECOMMENDATIONS:
Due to many fatalities that result each year from cave-in accidents we feel that strict laws and regulations should be adopted and rigidly enforced by proper governmental authorities.

Furthermore, we feel that no boy of 16 1/2 years of age should be left without proper supervision where accidents of this nature may occur.

L. Cooley, Don Wolff, C. Taylor, M.E. Magat, E.E. Zuer, Art Feilhaber, Jury.

DISTRICT PERSONALITY PARADE

The Ladies Auxiliary, told the crowd, followed by a Scripture reading by Rev. Brown, and a short address by Rev. Wolff, of the Church of God.

Legionnaire Larry Donovan was Sergeant-at-arms for the Color Bearers, in an impressive display of the colors, which were dipped for the traditional two minute of silence in memory of the dead. Mrs. Kruse was pianist and Mrs. Jenkins played the "Last Post" on the

The McCullagh have four children, all girls. Canole, aged 18, Margaret 11, Betty 10, and baby Roberta "Bobbie" aged three months. Except for baby Bobbie the McCullagh girls are avid home lovers and riders.

Mr. McCullagh is a member of the Drayton Valley Curling Club and the Drayton Valley Legion. In Edmonton he is a member of the 700 Wing R.C.A.F. Reserve and of the Garrison Officers Club. He says that the meals in the Garrison Officers Club are really superb. Still comparatively young, Mr. McCullagh has the memories of many thrilling episodes in World War 2, which will undoubtedly be the "last war" in which manned bombers and fighters such as now known will be used.

LEGION REMEMBRANCE PARADE
Cost, from page 1 col. 5
The Ladies Auxiliary, told the crowd, followed by a Scripture reading by Rev. Brown, and a short address by Rev. Wolff, of the Church of God.

bugle.

Benediction was given by Rev. Brown followed by the singing of "God Save the Queen" and the group returned outside the hall and marched back to the Legion Hall, where a pleasant afternoon was spent renewing acquaintances by Legion members and their wives. In the evening a dance was held in the Elks Hall, followed by a cold turkey supper as a fitting climax.

FIRE DEPARTMENT

We have been talking for quite some time now about your fire department, but have never mentioned anything about its work, so let's devote a few weeks to that.

There are now sixteen men on the force; the chief, assistant chief, two captains, and two crews of six men each. Each crew consists of a driver-pump operator, two nozzlemen, a hydrant man, and two hosemen. Each man has a specific duty to perform in the case of a fire.

It would be nice if when the alarm goes we could count on one complete crew showing up 'com' on page 11 col. 1
Non-ferrous metal smelting and refining is Canada's second largest manufacturing industry.

JIM TRACKWELL MEMORIAL

To the friends and neighbors who contributed to the Jim Trackwell Fund to the amount of \$64.00 we wish to inform you all that with another donation of \$30.00 from Mrs. Wilkes and a second donation from Mr. Pete Gregoire of \$10.00 we have been able in addition to buying the Plaque to purchase a present to the Drayton Valley Hospital - Children's Ward a Kindergarten Set of 1 table and 4 chairs and 3 High Chairs.

This completes this Fund, so we would like to thank you all for making this project possible.

Total amount: \$96.00
Paid out for: Kindergarten Set - \$25.70, Plaque - \$25.50, First High Chair - \$18.50, Film and Bulbs - \$1.25, Film Development and Seals - \$4.05, Money Order Fee, Stamp Etc. - \$1.55, Cheque Fee - .10¢ Exchange on U.S. \$20.00 - .70¢ Second High Chair - \$18.50 for a Total of \$96.40.

The Hudson's Bay Company donated \$2.00 towards the purchase of the second high chair. Contribution solicitors: Mrs. Kiddings Mrs. Wollschlaeger.

ALBERTA'S HOMES FOR SENIOR CITIZENS OFFICIAL OPENING

About 250 persons from Stony Plain and surrounding areas gathered in the Meridian Foundation - the Home for Senior Citizens in Stony Plain - on Wednesday November 9th, to listen to the Province-wide Broadcast of the Official Opening of 31 Homes.

Following the broadcast, Mr. C. R. Wood M.L.A., as representative of the Government, presented the suitably engraved and framed Scroll to Mayor J. H. Katak, Chairman of the Board of Directors of the Meridian Foundation. After expressing thanks to the Government and Mr. Wood for the title to the modern well-furnished Home, Mr. Katak introduced the Members of the Board -- Wm. Albrecht and Mr. A. Slight from the Stony Plain M.D., 884, Mayor J. Seidhouse and Mr. John Oliver from the Village of Ennisville, Mr. E. B. Brandt and Mr. B. Town representing L.D. 877 and W. Parson and Mayor Katak from the Town of Stony Plain.

Mr. Katak also introduced the special guest -- Rev. E. A. Phillips of the Christian and Missionary Alliance Church; Rev. G. E. Mueller of Spruce Grove Lutheran Church; Rev. R. Ebdale of Stony Plain United Church and Rev. L. F. Schoep of the Stony Plain Church of the Good Shepherd. Mrs. D. McLeod representing the Village of Spruce Grove, First Chief of the Civil Defence Director, Mr. Val Koch, Mr. R. Lent, Deputy Reeve of M.D. 884 and Mr. E. H. Miller, Vice-Chairman of Stony Plain School Division #23 and of the Elks Lodge, were also introduced by Mr. Katak. Good wishes were read from Mr. A. Playford of Drayton Valley.

Mrs. C. R. Wood M.L.A., in a few well chosen words spoke of the first year's work of the Provincial Government's Five Year Plan in which 50 homes to accommodate 50 persons each were planned for in the rural areas of the Province and large 800-bed Homes in Edmonton and Calgary. Thirty-one of the rural Homes were opened simultaneously with Meridian Foundation.

Mrs. Wood urged the people of the community to take an interest in the guests in the Home, in appreciation of their efforts and sacrifice as pioneers and who are now our senior citizens. She read a long list of donors who had given a T.V. set, books, vegetables, egg, flowers and money for small necessities.

Mrs. Wood said that Mrs. E. Weism was the first guest in the

Meridian Foundation and she wished Mrs. Wood to tell every one that she was very happy in the Home and most comfortable and glad to be there. Another guest mentioned was Mr. R. H. Wright who gives most generously of his time and his car so that all residents of the Foundation might be taken shopping to the Doctor or to Church.

The white ribbon across the hall way was then cut by Mrs. Wood who Officially declared the Foundation Open. Rev. R. Ebdale delivered the Dedication address and Scripture reading and the Prayer of Dedication.

Refreshments were then served with the Members of the C.W.L. assisting with the serving.

Looking at Recreation

By Michael Gormley
Recreational Director

BASIC BAND LAYOUT:
Much has been said and written during the past few weeks regarding the formation and development of a town band. The project is still in the planning stage and no positive steps have been taken, however, I think that the time is about ripe to begin organizing on an active scale.

The project is the result of public demand, much interest has been generated and there does not seem to be any lack of talent, so now it is a case of getting together and getting the thing rolling.

Last week in this column, I outlined a few of the more important phases of band formation; now I would like to continue along those lines and give you an idea of what might be taken as a basic layout of instruments for a new band.

This basic layout has been drawn up and suggested by David Pedenkin, Supervisor of Music, Cultural Activities Branch of the Department of the Provincial Secretary. Here are his suggested instruments for a new band:

- 8b Clarinets-----8
 - 8b Alto Sax-----8
 - 8b Tenor Sax-----1
 - 8b Cornet-----3
 - 8b Trumpet-----3
 - 8b Alto Horn-----3
 - 2b Trombones
 - Baritone or euphonium-----1
 - Less -----3
 - Percussion -----2
- Total number of instruments --

According to Mr. Pedenkin, it would be advisable to attempt to match this proportion of instruments as soon as possible. Bandmasters will likely find that this proportion is much more popular than any other instrument. They will run into great difficulty in promoting the recruitment of young players for instruments such as the 8b Alto Horn. Care should be taken to emphasize the importance of such instruments as an band should have less than two, and their presence is most necessary for the filling up of the middle part of every score and the satisfactory playing of rhythmic part. The music written for the 8b Alto is very often monotonous and unappealing. This can be counteracted by having the band's Alto section play drums, cymbals and other percussion instruments during such in concert.

The filling up of the need section of the band should be an early aim. These instruments are excellent for girls though there is no reason still why girls should not be encouraged to learn brass instruments. According to Mr. Pedenkin, most beginners have a preference for brass instruments but he recommends that not every single recruit on a brass instrument there should be at least two wood instrumentists added to

the band. It is also advisable to use both cornets and trumpets rather than cornets alone. An average player can do more on a cornet than on a trumpet. The use is more gentle and it blends with other instruments better than a trumpet.

Flutes and oboes should be added to the basic ensemble at the earliest possible opportunity. In fact, the more flutes one can find the better. They are capable of supplying the high register notes which clarinets, even if they are good players, find rather pleasing.

There is much more that could be added in the way of explanation of a basic band setup, in fact, chapters and even booklets have been written on this very important phase of band formation and development. For now, I must let things stand as they are and if anyone has any ideas or suggestions in regard to this great project, of forming a town band, I would most certainly like to hear from them. Mr. Pedenkin is very enthusiastic about this idea and he has offered his assistance in any way possible to ladies and gentlemen, the chances of having a town band in Drayton Valley are very good and what may seem like a dream today may well become a reality in the not too distant future.

WHAT ABOUT HOCKEY?
The white blanket has come, however, the temperature has not been dipping very far below the freezing point so far and interest in hockey seems to be as high as it can go as ever. Presently I have about thirty youngsters signed up to play in the different minor league brackets and about a dozen adults have promised coaching assistance. As in the past, leadership will not present any problem. In a town such as this where we have a host of adults keenly interested in youth sports, good leadership is never lacking. I would, however, like to see the boys signing up at a little faster rate. I still have over 100 hockey application forms on my desk and the sooner maximum number of these are filled out and returned the better chance I will have to organize a well-balanced and smooth-running hockey program. It is still anyone's guess how many leagues or how many teams there will be this winter. I would like to see teams play in intramural leagues at the PeeWee, Bantam, and Midget levels, however, so much depends on the players turnout.

Clyden Rosenberger is considering taking over as "Minor" hockey convenor for the season. If he should accept, yours truly will be settling like the morning

sun. Any program, to be a real success, must have a key man behind it, and personally I am confident that Clayton can and will do a splendid job with the local Minor hockey setup.

A hockey coaches' school is being planned for all the local "Minor" hockey coaches. No date has yet been set, but it is expected that the classes will be carried out on a weekly basis over a period of two or three weeks. The school will meet to be held in the Athletic Association room for the Town Hall.

The school will be headed by BILLY McNEIL former Detroit Red Wings star within assistance of some other member of the Detroit-Edmonton organization. There will be no charge for those classes and anyone planning to coach hockey at any level during the coming season is urged to attend.

At this time I would like to find out just how much interest there might be in girls' hockey for the coming season. If we could get a rough idea of how many might be interested we could proceed to work on the program. If the numbers would be in the hundreds, "Chick" Dion is keenly interested in this project and is ready to take it in hand if it can be developed into a reality.

FIGURE SKATING:
During the past week it was brought to my attention that there had been keen interest in figure skating in this town during the past seasons. Now with the building of a new skating rink and skating near ultra modern dressing rooms at the Rotary Community Park there is no reason whatsoever why this form of recreation cannot be promoted to the limit. The president of the Drayton Valley Figure Skating Club, Bill Couch is very enthusiastic about the coming season's program and looks for many improvements in this sphere of sport.

Qualified instruction in this art is not easy to come by and if a suitable person cannot be found, locally, an instructor from some other point will have to be brought in from time to time.

Figure skating is a very important phase of the seasonal activities since it is instrumental in balancing the entire winter program. Most boys and possibly some girls will participate in the hockey program among other things, but then you have a group, mostly girls who are sort of left out of the seasonal.

recreation program, however, figure skating comes in to save the day. Personally I do not think that we will lack activity around here this winter. There should not be anyone young or old, walking around muttering to himself that there is nothing to do. If there should be such an individual I would certainly be happy to be able to find something to his satisfaction.

DRAMA ON THE WAY:
About a month ago a certain person asked me if I would look into the possibility of promoting some dramatics in the community and I went to work on the matter. I got word from Jack McEneaney, Supervisor of Drama, Cultural Activities Branch that he would be glad to drop out here and help us get a Drama Club under way. Enough interest could be generated. A visit from an Edmonton Drama group to give an evening performance could also be arranged. If we could consider this project, it could be realized early in the New Year. If there is a talent interest in drama here, and I feel quite sure there is, here is the chance to join the ranks in Drayton Valley. If you are dramatically inclined, I certainly would be glad to hear from you in the near future.

THANKS A LOT!
On Wednesday, Nov. 2nd, (a sad night in the memory of Calgary fans), Larry Zarley, who coached Bantam football locally during the past season took a group of local youngsters to Edmonton to witness the opening W.F.P.U. playoff game. The local companies that made this trip possible by furnishing transportation and tickets to the game were Pacific Pump, D.V. Hot Oil, Continental Brums, Flit Rig, Jones and Laughlin, Schumburg, and Pasky Electric. For this part in the growth and development of our town youth -- a vote of sincere thanks.

Since neither Leo nor his car have been anywhere near Miami he is rather mystified. He is wondering whether if he follows the letter he will get a free trip to Florida.

class as they swept the Frontier Cup of their first 50-18 in an exhibition basketball game played at the local high school last Wednesday evening. The locals played a fine passing game and showed good ball control to keep the visitors off balance most of the evening. This was the second victory for the Pacers over the Invincible team, having squeaked out a 59-50 victory a couple of weeks back.

The Valley boys have improved tremendously during the past month and it would certainly be nice to see them in league competition if this could be arranged. I am sure that they would do their school and their town credit in any available district competition.

Couch Bob Barker is largely responsible for the fine showing of the boys to date. He has done a very fine job, developing team spirit and team play. Bob will have a formidable outfit running for him when spring rolls around.

Easyford News

When the mail came Monday morning the good citizens of Easyford district were horrified to discover that they had a fugitive from justice in their midst.

One Leo Hutchinson, normally a law-abiding citizen received a letter from the police department of Miami, Florida informing him that he owes \$2.00 for illegal parking in Miami during July. Moreover if he does not pay the \$2.00 at once they may issue a warrant for his arrest.

Since neither Leo nor his car have been anywhere near Miami he is rather mystified. He is wondering whether if he follows the letter he will get a free trip to Florida.

A new bowling ramp project is in the works. \$25,000 for cash, groceries and gifts

The Chapel Hour

ARE YOU READY?

Taken from Good Business

Preparation is one of the most important factors in getting things done. The story of the cross at Gili is a lesson in practicality. The prophet taught that as a prayer for supply amount to nothing if preparation is not made to receive. There are a significant form of prayer, which is none other than preparation. Again in the Gospel story this same lesson is taught when Jesus bids the multitude sit down and prepare for food, even before there was a sign of multiplied loaves and fishes. It is a false thing to ask of each Christian who prays to his Father for supply, "Do you prepare for the things which you ask for in prayer?"

Follow up your prayers with a preparation for receiving your answer! You have frequently asked for healing, for promotion, for true friends, for success and opulence; yet you do not fulfill the requirements unless you make every preparation to receive that for which you have asked. Do not be like the woman who prays for supply and lives a sordid life; or the man who prays for prosperity and makes plans for bankruptcy; or the student who asks for substance and then worries about his expenses. Let your present situation be a nucleus vessel, for your demonstration.

---Richard Lynch: Work and supply

GOD AT THE CENTER.

God is just as much the life of the dead when it is being planted in the dark earth, where the human seed is it dead and all is lost. As He is the life of the new leaf that a few days later bursts into sight. In fact it is because God is there at the centre, working in the stillness unseen, and not at all because of the busy, noisy outside work that you and I do, that the seed comes forth into newness of life. ---H. Emilie Cady.

CHURCH OF GOD NEWS

By Pastor J. Wulff
Drayton Valley Church of God.

Rev. George Middleton of The

Lloyds' Jewelry

For the Week of Nov. 8th to Nov. 14th
Nov. 8th - Mrs. Leona Badick girl - 7th, 9.00.
Mrs. Badick may drop into Lloyds and pick up her baby spoon.

Sudan Interior Mission, spoke at the Church of God, Nov. 9th. Mr. Middleton has been the Christian Education Director for the Forward Baptist Church in Toronto for the past four years. Previous to this he had his wife served as missionaries to Ethiopia.

Rev. and Mrs. Earl Gripp of the Gospel Missionary Union of Kansas spoke Sunday, November 12th, at the Church of God. Mr. and Mrs. Gripp are on furlough from their mission work in French West Africa. They will be returning to their mission station in the month of February. Mr. Gripp is the brother to Mrs. Sam Steeves.

On December 4th in the Morning and Evening Service Rev. Charles Bank will be our guest Missionary speaker. Mr. Bank serves with the Sudan Interior Mission in the country of Ethiopia. He is as well known on furlough to regain his strength and to bring a vital message to the Canadian in this ever changing world. Plan now to attend this Missionary Sunday of Dec. 4th.

GUEST PRAISEMEN
On Sunday November 30, 1980 Rev. Milton Chugg, Pastor of the Jasper First Church of God will bring the Morning sermon.

Mr. Chugg has been the pastor in Jasper since for full history except for a few years in which he served a church in Oregon. The church in Jasper place started with a small beginning but it has developed into one of the larger congregations of the community. Mr. Chugg is a Lecturer 2 days a week at the Alberta Bible Institute at Carmou, Alberta. He is also well known in the town's civic organization plus his strong leadership in the interdenominational at Whitewood Beach Bible Camp.

We invite you to attend this service and every service at the Church of God in Drayton Valley.

SUNDAY SCHOOL WORKSHOP
Nov. 14-18
It is another fine for the Church of God as they introduce a local

program on "Teaching the Teachers" There are over 12 teachers enrolled in this special type of School.

Christian Education program is strong in being able to present their lesson to their classes Sunday after Sunday.

So to provide the best in the instruction of the Bible, the "Workshop will be based on the course, "Introduction to Teaching" The instructors will be Mrs. T. W. D. Johnson, who has majored in Christian Education at the Warner Pacific College, Portland, Oregon; and Mrs. L. C. Wulff, who is a public school teacher, receiving her degree from Anderson College, Anderson, Indiana.

We have a present enrollment of 186 in our Sunday School and we would surely welcome everyone who is not attending a Sunday School in our area and join a class for ----

It is our conviction that ----
---The Bible speaks to our personal and social needs today.
---Jesus Christ is our only hope salvation is through faith in him as Savior and Lord.
---Life will have meaning and purpose only to the extent it is supposed to Him.

---The Church, God's family of the redeemed, must also be the community of redemption. ---Through a group such as a Sunday School class, you will find personal growth and enjoy the service, fellowship and study.

Note your talents and abilities may find expression in dedicated service to God and the church. Bring your family to Sunday School. There is a class for each one.

The church needs you --- You need the Church

May we welcome you personally next Sunday morning?

"CANADIAN SUNDAY SCHOOL MISSION"
Rev. S. E. Oswald will be the guest speaker to present the objectives of this Mission work in Canada. He will be emphasizing the Home Mission work with a sermon and they to help and depict his work he will

Only develops a great personality by forgetting itself. A Christian conscience is the guardian of the very best within us. Hope is the light of faith. Life! A little gleam of time between two beatitudes. No man is free who cannot command himself.

The easiest road always goes down. When you kill time remember it has no resurrection.

The Bible does not need re-reading; it needs re-reading.

Christ cancels sin, pays the mortgage and gives man a good capital start.

It is remarkable how big our faults appear when we see them in others.

ARCTIC CANADA

Well known Edmonton naturalist and photographer Edgar T. Jones has just returned from the Canadian Arctic Coast where he has finished his six year project, a color motion picture entitled "Arctic Canada". Residents of Drayton Valley will have the opportunity November 24th, of seeing one of the most unusual and complete films ever produced on the Canadian arctic and sub-arctic regions, even includes an eskimo white whale hunt on the arctic coast.

"One of the most thrilling experiences of my life" is the way Mr. Jones describes his participation in an eskimo whaling expedition. Living with the eskimos, Mr. Jones had first hand opportunities to photograph the ways and lives of the eskimos, their children and their humour. Over the past few years he has filmed his sequences in Tukoyakut, Iqroviq, Akilavik and many other northern settlements.

"Arctic Canada" commences at Edmonton and takes the traveller north by road and airplane to Hay River, on Great Slave Lake. Here the story of Hay River and its participation in northern expansion unfolds. From Hay River we move north and westwards by airplane and by boat along the mighty Mackenzie River, past Ft. Providence, Ft. Simpson and other settlements to Norman Wells, the oil center of the north.

Along the way we have the opportunity to see some of the birds using the Mackenzie River as their migration highway: to see Great Bear Lake east of Norman Wells and to fish for the famous Arctic Grayling or "Blue fish" as it is known in the north.

Northwards from Norman Wells "Arctic Canada" will take us through the Mackenzie River Ramparts at Ft. Good Hope, there a 4 mile wide river narrows tremendous development that has and is taking place in this area... how the government has found ways and means to combat permafrost and other problems of construction in the Arctic. Here also we will see some of the wildlife and flora of the area, how the natives live and how the bush pilot plays his role in the development of the northland. Without bush flying, the development of the north could never have reached its present state.

Part two of "Arctic Canada" takes us north through the Mackenzie Delta past the Fairweather Station, Tuktoyakut and some of the Arctic coastal islands. Enroute we will visit Kikutik Bay and participate in the annual reindeer roundup with the eskimos. We will also see the vast Arctic flower gardens on the Arctic

coast and visit a thrilling snow goose nesting ground on one of the Arctic islands.

After a thrilling and exciting while hunt from an arctic sled we will live with the eskimos and then return to the Mackenzie Delta and Akilavik in the colorful fall. Here the great masses of Canada Geese and Snow Geese build up for

their migration southward. And here, along the Mackenzie River with the Nahanni Mountains in view we will complete our trip to the Arctic. No Canadian family should miss seeing such a complete film on our northland. "Arctic Canada" will be shown across Canada and also in the United States.

A former bush pilot with 4,500

hours flying time, and a lecturer for the National Audubon Society of New York in wildlife, Mr. Jones is well qualified to give a thorough and complete story of life in the Canadian northland.

"Arctic Canada" will be shown at Drayton Valley Elementary

School on Thursday, November 24th at 8:15 P.M. Tickets may be purchased at the door.

"Why did you shoot your hunting partner?"
"I thought he was a deer."

Jehovah's WITNESSES NEWS

WHY WE NEED THE BIBLE
Man was created a free moral agent. That means that he can think and make decisions for himself. God gave the first man a duty to perform "Be fruitful, and multiply and replenish the earth, and subdue it...." Gen. 1:28. Adam was to use his powers of thought to carry out this, subject to the instructions that his Creator would give him from time to time.

Adam failed to turn the earth into a paradise, like the garden of Eden. He went the way that he thought was best, resulting in the misery and pain that exists today.

Adam failed to turn the earth into a paradise, like the garden of Eden. He went the way that he thought was best, resulting in the misery and pain that exists today.

Does this mean that the Creator's plan has failed, that he made this earth for nothing? No, says Isaiah 55:11 "So shall my word be that goeth forth out of my mouth: It shall not return unto me void, but it shall accomplish that which I please," In due time God will wipe out the wicked, and bring the earth to a paradise condition. Jer. 33:31; Rev. 11:18

The choice is before all men. Whom will you serve? Will we follow in Adam's steps and meet his end or will we serve Jehovah and gain everlasting life in a righteous new world.

We cannot serve an invisible master unless we understand him and know what he expects of us. As Paul expresses it: "How then shall they call on him in whom they have not believed? and how shall they believe in him whom they have not heard?" Rom. 10:14

The Bible is God's book of truth. He provided it so that we would know what to do in order to please him and gain the reward of everlasting life. We can use it as a measuring line to determine right from wrong. Prove all things; hold fast to that which is good" (1 Thes. 5:21). Follow the advice given to Jesus

"This book of the Law shall not depart out of thy mouth, but thou shalt meditate thereon day and night, that thou mayest observe to do according to all that is written therein: for thou shalt make them thy meditation and then thou shalt have good success." Josh 1:8

If you would like to know more about what the Bible teaches

Whispered fine optional of extra cost.

Model illustrated: Fleetside pickup. One of Chevrolet's job-whipping line of big lightweights.

HERE! THE TRUCKS THAT RIDE SMOOTHER, WORK HARDER, LAST LONGER!

Just a year ago, Chevy came up with a torsion bar independent front suspension and has already put some 300,000 Chevrolet trucks with it out on jobs.

The ride that results from Chevy's suspension design is making life a lot easier for drivers. (Just ask them!) It's taking better care of loads, the fragile kind that used to cost somebody money if they were bounced around. Chevy's ride also enables truck owners to revise their buying habits and work their trucks longer before they trade. This follows naturally. The trucks take less of a beating. There's less stress on sheet metal. Less abuse to tires. Less pounding to wear out parts before their time. The upshot of it is you either save money or earn more of it, or both. And you couldn't ask a truck to do more than that. See your dealer.

ORDINARY BEAM FRONT AXLE. All trucks had it for one time in well-known design that transmits road shock and vibration from one wheel to the other and up to the chassis, cab and tank.

CALGARY POWER ELECTRICAL PAR COST. from page 1. Col. 3. Luminescent light panels, which with a very low voltage, glow sufficiently to light a room.

The luminescent lighting panels require only 5 watts to the square foot. It is expected they will be used in vari-colored panels for lighting effects in homes and in buses and public buildings.

During the afternoon and evening draws were made for the many very fine electrical prizes put up by Calgary Power and the local electrical dealers and contractors which included the Hudson's Bay Company, Stevenson Hardware, Imperial Lumber, Rex's Radio and T. V., Electrical Contracting and Machinery, United Electric and Coin Electric.

The micro-wave oven demonstration had everyone in the audience drooling at delectable dishes were brought forth from the oven in just a fraction of the time required in conventional cooking methods. The basic principle of the microwave oven is that the microwave penetrates anything that contains moisture. The microwave sets the molecules of the food to be cooked in motion which produces heat and cooks the food, without loss of the nutrient value of the food. The food could be cooked to a mouth-watering (or) hot, but the vessel in which it was cooked would be cold. The hand could be inserted in the oven while the microwave was in action and would not be burned.

Raymond Davidson sang several songs during the performance, which were much appreciated by the audience. Mrs. Twine, wife of local Calgary Power man, Charlie Twine, accompanied Mr. Davidson on the piano.

The show was sponsored by the local Lions Club and the proceeds were given to the Girl Guide and Brownies' association. Amount of the cheque turned over to the Guide and Brownies Mothers group was \$267.30.

NOTEBOOK (continued)

main means of transportation in the North country... the dog and the dog sled.

Lion Bulletin editor Dan Lathal-ester gets off a few pretty good cracks in each of his twice-monthly bulletins. The latest one stated:

With the arrival of winter Lion Don McKenzie has had quite a run on warm weather. Lion Ben Demen says he doesn't mind the initial expense of these unseasonable, but it's the upkeep that bores him.

TEEN TOWN TO CONDUCT RED CROSS DRIVE (cont. from page 3, col. 5.) water safety campaign to prevent the needless loss of life and in or near the water.

Home Nursing is also one of the many phases of the Red Cross services. Calgary Red Cross Home Nursing Courses provide the knowledge of simple nursing skills to care for the sick in the home, in the hospital and at times of emergency in the community or neighborhood.

The Red Cross also conducts an enquiry Bureau. Last year people in 41 nations throughout the world turned to the Canadian Red Cross to seek help through the Enquiry Bureau. They do this with the assurance that the Red Cross will do its best to solve their problem, to arrange their hopes... the concern of those who seek the missing.

Many other Health Services are provided by the Red Cross, these include mobile and dental and medical units in some provinces and occupational and recreational therapy for the handicapped, particularly crippled children.

The membership of the Canadian Red Cross consists of more than 800 housewives and business women. They serve in 22 communities.

It is estimated that more than 90% of the work of the Canadian Red Cross is done by volunteer workers.

To provide emergency assistance in a hurry the Canadian Red Cross warehouse relief supplies in France, Switzerland and Turkey.

The Canadian Red Cross has been serving Canada and the world since 1909.

More than two million Canadians serve the Canadian Red Cross in some voluntary capacity.

More than 225,000 men, women and children of all ages participated in Canadian Red Cross War Safety Services and projects last year.

Since 1947 Canadians have donated more than 2 1/2 million bottles of blood to the Canadian Red Cross Blood Transfusion Service.

A total of more than 1,600,000 Canadians have received one or more free blood transfusions since the Canadian Red Cross Service was established in 1947.

Oil Wives' Meeting

The Oilwives Club of Drayton Valley met for their monthly dinner meeting in the Cardium Room on Monday November 4th at 6:30 p.m. 94 Oilwives and guests were present. It was voted that we exchange Christmas gifts at our December meeting.

Denise Belling was nominated to run for a position on the International Board of Directors.

After the old and new business was discussed the club was entertained by Mr. Peterson, a confectioner from Edmonton. Barbara Casey very graciously assisted him by being his model. The meeting concluded at 11:00 p.m.

D.V. Hospital Women's Auxiliary

The Drayton Valley Hospital Auxiliary will be held on Wednesday November 23rd, at 8:00 P.M. instead of the original date of Monday November 21st.

Election of officers and a report from the convention by Mrs. MacLure are slated for the night meeting.

All interested ladies are welcome to attend. The meeting will be held in the Nurses Residence.

FIRE DEPARTMENT (Cont. from Page 3, Col. 4) In minutes; however this is impractical so we have another system. The first six convemen who get to the hall grab a position on the truck, and in doing so automatically assume a certain job.

In this way no time is lost getting up the scene of the fire and because they have all been trained at every position, a fast, efficient team responds immediately to every fire.

Next week we shall give you a brief outline of your fire engine and try to show you why it is one of the finest pieces of equipment available.

The following is a list of fires which your fire department responded to during the month of October.

- Oct. 1 - Red and White Stone Garage out of control Damage Nil.
- Oct. 11 - Drayton Valley Meat Market Smoker - over heated - Estimate damage-\$150.
- Oct. 12 - Jack Peat Truck mounted cabin - burned. Estimate damage \$1,500.
- Oct. 18 - Anderson Transport Camp - Overheated stove Damage Nil.

Town Band Meeting

A meeting with the view toward organizing a Town Band will be held in the Athletic Association office in the basement of the Town Hall on Tuesday, November 22, at 8:00 p.m.

All those interested in forming or playing in the proposed band are requested to attend this meeting. Perhaps from this meeting a Town Band that will be a credit to the community will be started.

There are more than 100,000 voluntary workers in the membership of the Women's Work Committee of the Canadian Red Cross Society.

The Canadian Red Cross will have to collect 300,000 bottles of blood in 1960 to meet transfusion therapy demands of Canadian hospitals.

There are 1,372,316 of our children enrolled on members of the Canadian Junior Red Cross. They are organized in more than 40,000 classroom branches in every province in Canada.

Volunteer Hospital Visitors of the Canadian Red Cross make sure our veterans are not forgotten men and women. They make regular visits to patients in more than 100 hospitals and institutions.

PEMBINA NEWS ADVERTISER

Vol. 6 No. 47 November 24, 1960 A. Playford Publisher Drayton Valley.

300 th Baby of Year

The 300th baby for the year 1960 came to Drayton Valley Municipal Hospital on Tuesday, November 22nd. The new arrival was a boy, born to Mrs. Doreen Franko, of Violet Grove. He weighed in on arrival at eleven pounds and thereby established a record as being the heaviest baby born in the hospital thus far.

Baby Franko, as well as being the 300th baby in 1960 is also the 616th baby born in the hospital since it was opened on August 4th 1958. What a record for a 23 bed hospital.

SEARCH FOR TALENT SHOW

The Search for Talent show in Drayton Valley this year proved to be one of the greatest success ever staged in this town. At 7:00 p.m., half an hour before the announced starting time of 7:30, the Elks Community Hall was packed to the doors and so at 7:15 A.C.T. Team Captain Pete Prystal gave the word to get the show underway. There were still many waiting to get in and for these it was decided to run a second show after the first show was finished.

The Amateur part of the show has been billed as "A Search for Better Talent" and the amateur performers proved that such was indeed the case as that portion of the show was of the very highest calibre. Seventeen contestants lined up for the amateur competition of these ten were selected as the "Top Ten" and these will appear on C.F.R.N Radio Saturday evening, November 26, at 8:00 p.m. The winner of first place will appear in the semi-finals later on in the season, with a chance of a T.V. contract.

First place was taken by Bill Adams with a singing number. Second place was taken by Terry McManus with a singing number and third place was taken by a trio composed of Ricky Simon,

Doreen Wolden, and Lorena Lilje, in a singing number, backed by an accordion and a guitar. This trio, all youngsters, will appear on the show "Kiddies on Camera" on December 10, at 4:00 p.m. as well as Terry McManus.

The rest of the "Top Ten" in the order in which they were selected by the judge were 4. Martine Bolek, Piano; 5. Dennis Meier, recitation; 6. Barbara Hill and Ernest Mamonowich, singing; 7. Margaret Haynes, singing; 8. Sam Reich, singing; 9. Mrs. and Mrs. Don Oscar and son Ray singing, and 10. Linda Rosenberger, singing.

Previous year the winner had been determined by vote, which were on a purchase basis, but this year the contestants were judged entirely on their merits by an adjudicator who accompanied the C.F.R.N and A.C.T. group from Edmonton.

The Spotlight Parade featured top-ranking professional entertainers who give their time free each Saturday night in behalf of the Crippled Children fund. The professional show, which followed the amateur show featured Ruben Pike in a number of excellent dance numbers; Maureen Burley, a truly talented singer; Magellan Wally Maidens who again baffled and delighted the audience in some of his tricks of magic and sleight-of-hand. Mr. Maidens

Mrs. Gansko Passes

Mrs. Helen Frances Gansko of Drayton Valley passed away at the Drayton Valley Municipal Hospital on November 23, 1960 at the age of 49 years. She was born in Wyoming in 1911 and came to Canada in 1914 with her parents, coming to Edmonton and the following spring moved to Drayton Valley. She took her schooling in Drayton Valley.

She married Otto Gansko in 1930, at Edmonton and they returned to Tomahawk to live.

She is survived by her husband of Drayton Valley and three sons Allen of Violet Grove, Carl of Drayton Valley and Howard of Drayton Valley. One daughter Mrs. Lawrence (Eileen) Vickery of Violet Grove, 7 grandchildren, one brother Carl Anderson of Drayton Valley, and 1 sister Mrs. Clarence (Martha) of Grande Prairie.

Funeral Services will be held from All Saints Anglican Church Saturday, November 26th, at 3:00 p.m. with Rev. J. Russell Brown officiating. Interment will take place in the Drayton Valley Cemetery. Funeral Directors are Parkland Chapel Ltd. of Red Deer, Alberta.

FRANK EDWARD HARRISON

After coming to Drayton Valley he worked on various jobs here as a carpenter until July of the same year when he went to work for the Town Planning Branch of the Department of Municipal Affairs as Building Inspector. In that capacity he served under Mr. Heaton and Mr. Ishbister who were administrators before Drayton Valley was declared a Town by the Department. When the town assumed its own council Mr. Harrison remained as building inspector. In 1967 he took a course in Plumbing Inspection. At the present time he holds the jobs of Building Inspector, Plumbing Inspector, Gas Inspector and Sewer and Water Foreman for the Town.

He married Ellen Morrison of Belety in 1949. They have one child. Since coming to Drayton Valley they have built their own house. Mr. Harrison is a member of the Curling Club.

LAND SALES

Pembina acreage land sales sold during the October 26 Land Lease Sale totalled only \$678, 881.75. Judy Creek and Swan Hills, both hot oil spots, were down considerably from previous sales. Pembina: N 1/2 35-49-6W5 - Pan American and United Producing \$22,584.20, \$101.10 W 1/2 - 12-50-4W5 - Tri Central Oil and White-Hall Canadian Oil, \$51,100, \$160.69 N 1/2 12-50-4W5 - 14-5 9-15 - Slaty Oil - \$358,400, \$561.76

COUNCIL MEETING

The regular meeting of the Council of the Town of Drayton Valley was held in the Civil Defence Room in the Town Hall on November 16, 1960. Those in attendance were: Mayor Adrian Meier, Deputy Mayor D.G. McKenzie, and Councillors K. Wahl, H. Zelmer, J. Ewan, H. Demers and C.D. Fung, also Secretary-Treasurer W.G. Johanson.
